- Slip-resistance exceeds UL and ASTM requirements
- Chemical and solvent resistant
- Complies with all air and health requirements
- Low odour
- Outstanding scuff resistance
- Ideal for high traffic areas
- Great adhesion
- Clear, beautiful finish
- Excellent flow & leveling
- Low VOC Content

PRODUCT INFORMATION:

No. 1333 TRUSTY-STEP NON- SLIP CLEAR WOOD COATING is a water based, one part urethane coating with crystal clear, polycarbonate aggregate. It is specially designed for wood floors. It coats, seals and creates a slip-resistant surface. No.1333 assures a positive coefficient of friction while enhancing the beauty of the wood floor.

Available in Clear Gloss only

FOR USE ON:

Wood

COVERAGE:

400 square feet (37.2 square meters) per gallon (3.79 liters). Requires only one coat.

Shelf Life:

One year

APPLICATION INSTRUCTIONS:

- 1 - All surfaces must be completely free of dirt, oils, grease and rust. We recommend cleaning the floor with No. 4002 Trusty-Step Deep Cleaner/Degreaser.
- 2 - Do not thin.
- 3- Pour entire bottle of No.1333 into paint pail.
- 4 - Pour entire bag of aggregate into paint pail.
- 5 - Stir gently with mixing paddle until thoroughly mixed.
- 6 - Pour 6 ounces (approx) on to floor.
- 7 - Spread uniformly over floor with No. 9007 Applicator
- 8 -Add additional 6 ounces No. 1333 as needed and spread until entire floor has been coated.
- 9 - Allow to dry 6 hours before walking on the floor; 48 hours before subjecting to vehicular traffic
- 10 - Wait at least 24 hours before cleaning with a mild, non-abrasive, liquid detergent.

The floor is now ready to walk on and will remain slip-resistant for a minimum of 12 months.
